

Digital power supply, adjustable output 0 to 30 (VCC), 5 (ACC) EQ030F

Function

Intended for experiments that require direct current (DC) power.

- Regulated and stabilized adjustable output from 0 to 30 VCC / 5 ACC;
- Digital LCD voltmeter, resolution of 0.1 VCC;
- Digital LCD ammeter, resolution of 0.1 ACC;
- Electronic protection against short circuit;
- 5 VCC / 1A fixed output;
- Forced ventilation cooling;
- Universal Input from 90~240 VCA, 50/60 Hz.

Av. Victor Barreto, 592 - CEP 92010-000 - Canoas - RS - Brasil
